

Participatory Mapping Exercises at the Experiential Walking Event

I Felt Safe/ Unsafe Activity:

This activity intended to capture the spots along the walk where the participants felt comfortable and uncomfortable. This activity identifies locations along the route with perceived assets and barriers to walking and biking.

Results:

Me senti segura (I feel safe) = 6 votes for Greenbriar park

Me senti insegura (I don't feel safe) = 6 votes for the intersection of US 287/HWY 1, 1 vote for intersection of trail & US 287, 1 vote on the trail near private property on south side of ditch.

Values Activity:

Participants were asked to share on a large poster board what they valued in their community. This is a helpful activity to capture what the residents themselves want to use, protect, and preserve in their community. The responses and the prompt are listed below.
